

The Notzon Law Firm is a litigation firm which serves the people in the community. Our practice focuses on many aspects of the law. From complex commercial business transactions to civil litigation. We represent clients in legal matters regionally and nationally.

Quality legal representation is essential to us. Our goal is to provide the best legal representation available at a reasonable and fair cost to our clients. We are proud of the high legal and ethical standards that have been established by our firm and the tradition of excellence which we work to maintain.

Good legal representation comes from good people. A firm is known by its attorneys. Although we invite only the most qualified lawyers to practice in our firm, technical competence is only part of what makes a good lawyer or a quality law firm. Greatness requires depth, perspective, and service to others.
